

A Safer Top. A Stronger Bottom Line.

Patent-Protected. Production-Ready.

Manufacturing partner opportunity for high-margin ladder safety accessory

MARKET OPPORTUNITY

\$1.2B

U.S. Ladder Market

\$60M+

Accessories Segment

2,143

OSHA Violations (FY2024)

10K+

Injuries Reported

THE PROBLEM

- ✓ **OSHA's #3 violation:** Improper ladder use costs businesses \$155M+ annually
- ✓ **164,000 injuries** and 300 deaths per year from ladder falls in the U.S.
- ✓ **Average claim:** \$60K per incident, plus \$50K+ in fines for fatalities

THE SOLUTION

- ✓ **Physical intervention** that blocks unsafe top step access
- ✓ **Discourages poor practices** by making tools and accessories quickly available
- ✓ **Simple design** enables cost-effective manufacturing

WHY PARTNER WITH US

✓ Patent Exclusivity

Design Patent D1079060 issued. Utility Patent allowed (issue fee paid). Protected technology blocks copycats.

✓ Production-Ready

No R&D investment needed. Engineering complete, CAD files available, ready to manufacture.

✓ High Margins

MSRP \$50-75. Retailer margin 40-60%. Untapped market with proven demand (10K+ competing units sold annually).
